

The Glen Rock School District is partnering with Pomptonian Food Service to enhance the School Lunch program

Delicious, Nutritious, Convenient

EASY ORDERING SYSTEM

Pomptonian will allow families to place an order online up until 8:00 a.m. the same day. You can also plan lunches for the entire month. A simple log-on site with an easy-to-read menu, no service charge, and easy credit card payment system makes ordering a snap.

Go to <http://glenrock.pomptonianmenus.com/order> to place an order by credit card.

CONVENIENT

Your child's lunch will be ready and waiting at meal time. The lunch will be clearly labeled with your child's name displayed.

QUALITY

Pomptonian sources high-quality ingredients and infuses healthy options into kid-appealing meals. All meals are prepared fresh each day right here in Glen Rock.

PRICE

Pomptonian brings Glen Rock into the new food movement, increasing convenience while keeping costs reasonable. Lunches are offered at two price points, \$2.75 and \$3.75. Bottled water, Pure Fruit Juice, and a variety of Milk options are also available.

STARTING THIS DECEMBER

You can begin utilizing the system starting this December. Many parents may have already used the traditional paper system to place orders, and those students will still receive their meals. If you have not yet ordered, you can place your orders for any day, week or for the entire month of December. If you have already ordered with the paper system, it is also possible to add to your order online. Starting in January, all orders will be placed on the online system.

Get ready for a whole new School Lunch experience!
